Test 3

A screenshot of a mobile application interface for logging in. At the top is a dark blue status bar with the time '3:13', a settings gear icon, a shield icon, a document icon, a Wi-Fi signal icon, a cellular signal icon, and a battery icon. Below this is a solid blue header bar with the text 'Login to Admin Logs' in white. The main content area has a light gray background. It contains two input fields: the first is a text field with the value '!admiM2' and a thin gray underline; the second is a password field with seven dots and a blue underline. Below these fields is a gray rectangular button with the text 'LOGIN' in black. At the very bottom is a black Android navigation bar with three white icons: a back arrow, a home circle, and a recent apps square.

Test 6

The image shows a mobile application interface for finding flights. At the top, there is a status bar with the time 3:23, a settings gear icon, a shield icon, a SIM card icon, and signal/battery indicators. Below the status bar is a blue header with the text "Find a flight". The main content area is light gray and contains three input fields. The first field is labeled "Departure city" and has "Monterey" selected, with a downward arrow icon to its right. The second field is labeled "Arrival city" and has "Seattle" selected, also with a downward arrow icon to its right. The third field is labeled "Number of seats" and has a numeric input with the value "2" and a blue underline. At the bottom of the form is a gray button with the text "SEARCH". The very bottom of the screen shows the Android navigation bar with back, home, and recents icons.

Test 7

The image shows a mobile application interface for finding flights. At the top, a status bar displays the time 3:25, a settings gear icon, a shield icon, a document icon, and signal/battery indicators. Below this is a blue header bar with the text "Find a flight". The main content area is light gray and contains three input fields. The first field is labeled "Departure city" and has "Los Angeles" selected, with a downward arrow icon to its right. The second field is labeled "Arrival city" and has "Monterey" selected, also with a downward arrow icon to its right. The third field is labeled "Number of seats" and contains the number "6" with a blue cursor line to its right. At the bottom of the form is a gray button with the text "SEARCH". The very bottom of the screen shows a black navigation bar with three white icons: a back arrow, a circle, and a square.

Test 8

The image shows a mobile application interface for finding flights. At the top, there is a status bar with the time 3:26, a settings gear icon, a shield icon, and a battery icon. Below the status bar is a blue header with the text "Find a flight". The main content area is light gray and contains three input fields. The first field is labeled "Departure city" and has "Monterey" selected, with a downward arrow icon to its right. The second field is labeled "Arrival city" and has "Los Angeles" selected, also with a downward arrow icon to its right. The third field is labeled "Number of seats" and has "10" entered, with a horizontal line to its right. At the bottom of the form is a gray button with the text "SEARCH". The entire interface is framed by a black bar at the bottom containing three white navigation icons: a back arrow, a circle, and a square.

Test 9

The screenshot shows a mobile application interface for finding flights. At the top, a blue header bar contains the text "Find a flight". Below this, the interface is divided into three sections. The first section is labeled "Departure city" and contains a dropdown menu with "Seattle" selected. The second section is labeled "Arrival city" and contains a dropdown menu with "Los Angeles" selected. The third section is labeled "Number of seats" and contains a text input field with the number "1" entered. Below these sections is a grey button labeled "SEARCH". The top of the screen shows a status bar with the time "3:28" and various icons. The bottom of the screen shows a black navigation bar with three white icons: a back arrow, a circle, and a square.
